

Milestones achieved since December:

✓ We will be presenting **two posters** about our work at the **World Federation for NeuroRehabilitation (WFNR) conference** in Prague, Czech Republic in July 2018

✓ We have a **new administrator**. A warm welcome to **Alex**

✓ Our **user group** of four people with aphasia and one 'significant other' met in January to give us **advice and suggestions**

✓✓✓✓ AND we have now recruited **38 participants** – almost **two-thirds** of our **target!!**

SUPERB is funded by:

Stroke
association

And sponsored by:

What is SUPERB?

SUPERB is a **research study**.

It aims to find out what helps people **adjust** and **get on with life** after **stroke** and **aphasia**.

Why are we doing the research?

People have **emotional needs** after **stroke** and **aphasia**

We **don't know enough** about these needs.

We want to know what **helps**.

What will happen?

SUPERB researchers will:

- visit **60 people with aphasia** at **home**
- ask **questions** about how they are **feeling** and how they are **getting on** with things.

SUPERB is funded by:

Stroke
association

And sponsored by:

Newsletter 5

March 2018

Meet the **SUPERB** team:

Prof Katerina Hilari is **leading** the study

Dr Nick Behn is the **main researcher**

Our **other researchers** are:

Dr Becky Moss

Katie Monnelly

Dr Abi Roper

Alex Scott is our **administrator**
